CLERK KEGLER ACCUSED OF IM-PROPER WORK.

"In the matter of the charges of the, chairman of the board of public works in the public press, of a loss of \$600 to the city through the sale of a lot of asphaltu m to P. J. Moran, the statements are untrue, unjustifiable and incorrect in every particular."

By a vote of ten to one the city council passed that motion last evening. It was made by Councilman Fernstrom. The council passed that the rest of the board of public works had something to do with the substitution of bids in connection with the sewer contracts the councilman for the councilman fernstrom. The councilman fernstrom the passed that the receipts of a year ago. The advertised list this year was considerably smaller than in 1992, and the number of redemptions to date is almost double what they were last year at this time. In connection with the sewer contracts time.

brighted by the board of public works was denied the privilege of the floor for all time to come if an objection is entered, because he spoke of Councilman Fernstrom as a man for whom he had the "utmost contempt." In retaliation the councilman called the chairman of the board "a contemptible gentleman." During the evening Chairman Clawson attempted to reply to some caustic remark of Councilman Fernstrom, and Thomas, in the chair, was forced to remaind him of the fact that he was not sufficient.

Who said that there was not sufficient evidence against the man to warrant pushing the charge.

"Then the question is, who raised the figures?" said Councilman Hew-

ett.
"They were raised between the time the contract left the city engineer's office and the time the contract was signed by Mr. Clawson," said Councilman Fernstrom. "The change could have been made if the company was friendly with the clerk."

James D. Murdoch a member of the

James D. Murdoch, a member of the board of public works, admitted upon cross-examination, as did also Chair-man Clawson, that it was possible, but highly improbable, for any substitution to have been made.

Asphalt Charges Looked Into.

Councilman Thomas said the council must take cognizance of the charges made, give the accuser an opportunity

Then came the inquiry into the assertion made at the last meeting of the board of public works by Chairman Clawson that the city had been deprived of \$600 on the sale of some asphaltum to P. J. Moran by the city engineer being too officious. After an hour's discussion it was shown that hour's discussion it was shown that the city received a fair price for the um was not irregular, and that Mr. Moran made the first overtures for the sale. It was then that the chairman of the board tried to show by letters by the deal. He figured on a buying and not a selling price. In his ex-planation as to how he came to make the remark which he did, Chairman

A caustic remark from Councilman Dayeler that perhaps he was the un-lucky fifteenth drew from the chairman of the board the assertion that Coun-climan Fernstrom was the fifteenth

That raised a tempest, and the ef-forts of some of the members to have Chairman Clawson insert over his own signature in the papers a statement that he did not mean to insinuate that the council had robbed the city of \$600, was voted down. Then the first motion of Councilman Fernstrom passed, Councilman Thomas voting no, Councilmen A. J. and E. H. Davis, Eardley and Cottrell being absent.

BOYD DISCHARGED .- G. F. Boyd for 1904, the council voted to give the clerk a hearing at the meeting Monday evening.

Clawson Denied the Floor.

The session of the council was the stormlest held recently, and during its progress Chairman Spencer Clawson of the board of public works was denied the privilege of the floor for all time.

Thomas, in the chair, was forced to remind him of the fact that he was not at liberty to speak.

During the progress of the discussion on the motion to rescind the vote not to award the sewer contract to Kennedy & Co., it was stated that there was a possibility that the original bid might have been substituted for another. Draughtsman Reed of the city engineer's office, under oath, said that the bid which City Engineer Kelsey

bid which City Engineer Kelsey brought up to the office for checking up read 29 cents in figures and writing on the bid for eight-inch pipe. Chairman Clawson, also under oath, said the bid he held in his hand, which read 39 cents, was the original hid.

Fernstrom Makes Serious Charge.

It was then suggested that perhaps Draughtsman Reed and Mr. Kelsey were right, and that a substitution had been made. Councilman Fernstrom was quite positive of it, for he said:

"The clerk of the board has lost letters before, and the same thing could happen again. On the very face of it, it shows that there is some crooked work. You can't make me believe that is the original contract. I believe that someone friendly to the contractors changed the figures when he saw that he had made a losing contract."

"Then the question is, who raised
